PROGRAM INFORMATION

Target Audience

This meeting is designed for anesthesiologists and anesthesia providers and practitioners who specialize in ambulatory or office-based anesthesia.

About This Meeting

The purpose of this meeting is to educate and share information that will enable anesthesiology practitioners to provide the highest level of ambulatory anesthesia services and improve patient outcomes.

ACCME Accreditation and Designation Statements

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists and the Society for Ambulatory Anesthesia. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of *7.25 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Statement of Need

The SAMBA Mid-Year Meeting provides a forum devoted to ambulatory and office-based anesthesia, offering relevant lectures and discussions, highlights of innovative ambulatory and office-based practices, and networking opportunities with peers and experts in the field.

Needs Assessment

Topics for this meeting were selected by various methods. Suggestions for topics were derived from evaluations of the 2014 Annual Meeting, the 2013 Mid-Year Meeting, the Annual and Mid-Year Meeting Committees and board members, reviews of the published literature with the highest impact on the specialty, and by soliciting suggestions from members of SAMBA active in the clinical practice of ambulatory anesthesia. These suggestions were discussed by our authorities in the field of ambulatory anesthesia with educators who attended previous meetings.

Disclosure Policy

The American Society of Anesthesiologists and the Society for Ambulatory Anesthesia adhere to ACCME's Essential Areas, Standards, and Policies regarding industry support of continuing medical education. Disclosure of the planning committee and faculty's commercial relationships will be made known at the activity. Speakers are required to openly disclose limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations.

Disclaimer

The information provided at this CME activity is for continuing medical education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition.

Resolutions of Conflicts of Interests

In accordance with the ACCME Standards for Commercial Support of CME, the American Society of Anesthesiologists and the Society for Ambulatory Anesthesia will implement mechanisms, prior to the planning and implementation of CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

Special Needs

The Society for Ambulatory Anesthesia fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any attendee in this educational activity is in need of accommodations, please contact SAMBA at (312) 321-6872.

OBJECTIVES

- ✿ Describe the risks and benefits of ambulatory neuraxial anesthesia for patients.
- ✿ Identify opportunities for Kaizen in your own work.
- ✿ Recognize the appropriate blocks for common surgeries in ambulatory surgery.
- ✿ Outline ways to create value to patients and proceduralists in the GI suite.
- ✿ Describe considerations and best practices for managing intraoperative awareness once it has occurred.
- ✿ Design an electronic system to best overcome the challenges in an ambulatory setting.
